SUMMARY

Hello! My name is Hugo, I am **27** years old, and I am a passionate **Frontend Developer**. I hold a **degree in Computer Science** from the **Polytechnic Institute of Viana do Castelo**, which provided me with a strong foundation in technical engineering and problem-solving.

Throughout my career, I have had the privilege of working with renowned companies such as **Tlantic** and **eDreams ODIGEO.** These experiences allowed me to tackle large-scale challenges and deepened my understanding of the critical importance of scalability and user experience.

Currently, I channel my energy and creativity into my work at **ImpactZero**, where I focus on transforming complex ideas into intuitive, clean, and functional interfaces. I am always exploring new technologies and industry best practices to ensure the highest standards of code quality and performance.

EXPERIENCE

FRONTEND DEVELOPER

ImpactZero. Monção, Viana do Castelo, Portugal | Sep 2023 - Present

Responsible for the development and maintenance of the **Travizco platform's digital ecosystem**, including the **management backoffic**e, the **institutional websit**e, and the implementation of **interactive digital menus**.

FRONTEND DEVELOPER

FIS. | 2024

Developed a **credit flow management interfac**e for the analysis, approval, or rejection of requests. Implemented document management features, a real-time commenting system, and decision-support metric visualizations.

ESTÁGIO ACADÉMICO

Tlantic. | 2023

Design and **development** of a **mobile applicatio**n dedicated to **logistical inventory managemen**t. The solution enabled real-time stock inquiries, detailed item analysis, and the monitoring of commercial performance metrics.

ESTÁGIO ACADÉMICO

eDreams ODIGEO. | 2023

Developed an **administrative backoffice** for a digital wallet solution. Focused on user management (CRUD), financial flow control, and real-time exchange rate parameterization.
